## **Local Sparta Company Continues its Expansion**

*A local veteran-owned and family-run recruiting firm continues its expansion plans in Sparta, NJ.*

**SPARTA, NJ, December 15, 2021** - Vanguard Healthcare Staffing, a local veteran-owned and family-run recruiting firm, will celebrate the grand opening of its new office with a ribbon-cutting ceremony on December 15, 2021. The event will take place at 540 Lafayette Road, Sparta, NJ at 3:00 p.m.

Vanguard Healthcare Staffing (VHCS) has continued year-over-year growth and has recently doubled its existing recruiting force. Due to the rapid expansion, VHCS is opening a new office twice the size of its current space. This expansion into larger office space will be paramount for the firm, as they intend to grow their team up to 50 employees over the next few years.

Vanguard Healthcare Staffing's CEO and Co-Founder, Edward Dooling, states, "We are excited by the tremendous growth that we have developed since the inception of the company. As a local company, we recruit, hire, and train local talent to aid us in meeting the needs of our healthcare clients. This new facility will enable us to hire additional talent in the Sussex County area." If you are interested in joining the team at Vanguard Healthcare Staffing, please send a copy of your resume to [contact@vanguardhcstaffing.com](mailto:contact@vanguardhcstaffing.com).

Nicole Dooling, VHCS General Manager, adds, "It has been a rewarding experience building our firm from the ground up. This new location and plans for expansion signifies all of our hard work and dedication. We couldn't have done it without the help of our exceptional staff and we're looking forward to an even brighter future."

Vanguard Healthcare Staffing was founded in 2015 by local resident and former veteran, Edward Dooling along with his son, Steven Dooling. "Personally, the exciting thing about this location is that things are coming full circle," states Steven Dooling, "I grew up in Sparta, and I used to work at this very location in college. Now, fast forward a few years and I am back at this location, but this time I am here to continue expanding our firm." Edward has spent over 27 years in the healthcare industry, where he successfully started and grew healthcare diagnostic laboratories and biotech companies via acquisition and organically. The company strives to provide exceptional talent for employers to build successful organizations, and for job seekers to contribute to them. Vanguard Healthcare Staffing is the fastest-growing recruiting firm that has built out some of the top-performing companies in the industry.
